

FAIZAN ALI

Senior WordPress Developer

faizanali107f@gmail.com | +92 321 8956107 | Lahore, Pakistan | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

WordPress Developer with 4+ years of hands-on experience building custom themes, plugins, and WooCommerce/Shopify storefronts, currently delivering production sites for clients across Pakistan and the UAE at Khired Networks. Skilled at converting Figma, PSD, and XD designs into pixel-perfect, responsive WordPress builds using PHP, JavaScript, jQuery, HTML5, and CSS3, and at working confidently within existing codebases and page builders (Elementor, WPBakery, Gutenberg). Strong track record of Core Web Vitals optimization, REST API integrations, technical SEO, and Git-based deployment workflows, with hands-on MySQL and website security experience. Comfortable owning projects end-to-end, from design handoff through staging, launch, and post-launch support.

CORE SKILLS

- **WordPress Development:** Custom theme & plugin development, WordPress hooks/actions/filters, Advanced Custom Fields (ACF), custom post types
- **Languages:** PHP, JavaScript, jQuery, HTML5, CSS3
- **Design-to-Build:** Converting Figma, PSD, and XD designs into pixel-perfect, responsive WordPress websites; mobile-first UI/UX; cross-browser testing & compatibility
- **Performance & Security:** Core Web Vitals, page speed optimization, caching, image/asset optimization, WordPress core/plugin security hardening
- **CMS & Builders:** WordPress, Elementor, WPBakery, Gutenberg, Shopify
- **Backend, Data & Integrations:** REST API integration, MySQL, WooCommerce, Liquid (Shopify), payment gateway integration
- **SEO:** Technical SEO implementation, on-page SEO basics, Google Search Console
- **Site Management:** cPanel, staging environments, SSH, backups/deployments, Git version control

WORK EXPERIENCE

WordPress Developer | Khired Networks, Phase 6 DHA, Lahore

Dec 2021 – Present

- Built, customized, and maintained WordPress websites end-to-end using PHP, custom themes, and page builders, working confidently within existing codebases.
- Converted Figma/PSD/XD design mockups into pixel-perfect, responsive, cross-browser compatible pages with consistent UI/UX and hover states across desktop, tablet, and mobile.
- Developed bespoke WordPress plugins and theme customizations using WordPress hooks, actions, and filters to extend CMS functionality for unique client requirements.
- Implemented and managed Advanced Custom Fields (ACF), custom post types, and reusable dynamic components to support flexible content structures.
- Optimized website performance and Core Web Vitals through page speed improvements, reducing bounce rates and improving conversion rates.
- Implemented technical SEO recommendations to improve search visibility and organic traffic.
- Built and customized WooCommerce stores and Shopify storefronts, including Liquid templating and REST API/payment gateway integrations.
- Managed hosting environments and deployment workflows including cPanel administration, staging setup, SSH access, backups, and safe production deployments.
- Followed internal SOPs for WordPress core/plugin updates and security checks to maintain site health and stability.
- Managed version control using Git and collaborated directly with clients and cross-functional remote teams, including UAE-based clients, to deliver production-ready solutions.

KEY PROJECTS

Restor Dental Clinic — visitrestor.com/

Full WordPress build for an Islamabad dental clinic, including a custom Elementor header with a hand-coded hamburger mobile navigation (HTML widget + vanilla JS) to work around Elementor free-plan limitations, service pages, and appointment booking flow.

Stack: WordPress, Elementor, PHP, JavaScript, HTML5, CSS3

LIV13 Grappling — liv13.ae/

WordPress/Elementor site for a UAE-based grappling gym, featuring class timetables, membership tiers, trainer profiles, and a conversion-focused enquiry flow for a Ras Al Khaimah audience.

Stack: *WordPress, Elementor, PHP, WooCommerce-style Membership Flows*

Padel Café Booking System — book.padelcafe.pk/

Custom court-booking system built outside WordPress to handle real-time slot availability and payments for Padel Café, extending the venue's main WordPress site.

Stack: *Vue.js, Nest.js, REST API, Payment Integration*

Different Calculators — differentcalculators.com/

WordPress/Elementor content hub housing a suite of custom-built calculators (loan, mortgage, BMI, compound interest, and more) powered by hand-written JavaScript logic.

Stack: *WordPress, Elementor, Custom JavaScript, HTML5, CSS3, PHP*

Custom Varsity Jackets — customvarsityjackets.co.uk/

UK-based e-commerce store built on Shopify with custom theme development, product configurator setup, Liquid templating, and international payment integration, optimized for conversions and mobile shoppers.

Stack: *Shopify, Liquid, HTML5, CSS3, JavaScript, Payment Integration*

Padel Café — padelcafe.pk/

Full-featured WordPress site for a padel courts & café venue, including online booking, payment integration, and custom UI components.

Stack: *WordPress, PHP, Elementor, WooCommerce, Payment Integration*

KhiredKids — khiredkids.com/

Children's education & activities platform with a custom WooCommerce store, custom product pages, payment integration, and a responsive, engagement-optimized layout.

Stack: *WordPress, WooCommerce, PHP, HTML5, CSS3, JavaScript, Payment Integration*

Teeth & Gums – Dental Clinic — teethandgums.co/

Official site for a leading Lahore dental clinic with appointment booking flows, service showcases, team profiles, and patient testimonials, built with an accessible, professional design.

Stack: *WordPress, PHP, HTML5, CSS3, JavaScript*

EDUCATION

Bachelor of Science — Information Technology

Virtual University of Pakistan, Lahore, Pakistan — Graduated Feb 2026
